Our Parish Bulletin

This is the third issue of the new series of Our Parish. I would like this Bulletin to change and answer more to your expectations.

This Bulletin needs help. Your help.

You can help by articles to be published, you can help by letting us know of things you like and dislike in this bulletin, you can let us know what you would like to see in this Bulletin.

At this stage, we are hoping that this bulletin will have (from September onward) something about:

- *the Activities of our Parish*
- *the School*
- *the Armenian Community in Australia*
- *Armenia*

I am eagerly awaiting to your comments.

Fr Anton
